## Ultra Delivery System™ (UDS)

### ULTRA ADVANCED

Our patent pending Ultra Delivery System™ (UDS) creates ultra small CBD particles for higher and more rapid absorption. You'll immediately feel the difference.

### ULTRA ABSORPTION

CBD molecules typically have a low absorption rate due to its size. Our ultra small particles allow the body to absorb 700% more CBD.

### ULTRA SMALL

Our Ultra particles are 100 times smaller than regular CBD molecules.
